

RAYTEMP 2 BLUE

BLUETOOTH INFRARED THERMOMETER

BENEFITS

- Secure data transmission
- Practical and compact
- Fast temperature reading
- Waterproof IP 66 / IP 67 (with protective cover)
- Factory calibration certificate included
- Connects to EQUILOG software via Bluetooth

TECHNICAL SPECIFICATIONS

PARAMETER	VALUE
Model	Raytemp 2
Temperature range	-49.9°C to +349.9°C
Accuracy	± 1°C (0 to 100°C) or +/-2°C or 2%
Resolution	0.1°C
Sensor	Infrared
Emissivity	Set to 0.95, adjustable

PARAMETER	VALUE
Distance to target	5 : 1
Battery	3 x 1.5 V AAA
Battery life	approx. 3000 h
Dimensions	25 x 56 x 128 mm
Housing	ABS with Biomaster antimicrobial technology
Weight	approx. 140 g
Certificate	Factory calibration at 2 points (0°C and 100°C)

ACCESSORIES

Protective cover for thermometer

Various colors available

APPLICATIONS

- Food industry
- Heating / Air Conditioning
- Storage / Transport
